

SAUCON MOBILE PORTAL

OPERATIONAL DATA IN THE PALM OF YOUR HANDS

Saucon’s new **MOBILE PORTAL** brings the day-to-day portal functions to mobile devices. This new portal access not only allows quick and easy viewing of data with ease of communication to drivers, but also provides video viewing directly on the device.

Current Saucon Mobile Portal Features:

- Alert Log with direct video viewing
- Asset Tracking
- Enhanced Saucon Map
- Text message to Saucon Touch devices
- DVIR Status
- TPMS Status
- Video Health
- Driver Log Status
- Driver Performance Scores
- Hours of Service Warnings and Violations
- Portal Documentation

Saucon Mobile Portal
Critical Data. Anytime. Anywhere.
